SECTION 1

Activation of the Community Emergency Plan

WHEN THE PLAN WILL BE ACTIVATED

This plan will be activated when a designated member of the Community Emergency Management Team considers it necessary to take action in response to an incident, and when action cannot be taken effectively without triggering the arrangements outlined in this document.

The Community Emergency Team will often be notified by the local authority, emergency services, residents, or dedicated roles such as Flood Wardens, of a potential emergency.

RESPONSIBILITY FOR ACTIVATING THE PLAN

A minimum of three of the Community Emergency Team must consider it necessary to take action in response to an incident before the emergency plan can be activated.

COMMUNITY EMERGENCY TEAM

In the event of the plan being triggered the following members of the Parish/Town Council have agreed to form part of the Emergency Team who will help to reduce the effects on the community by:

- assessing the situation.
- co-ordinate the activities of your Council.
- mobilising local resources to support the community.
- maintaining links with the emergency services, the Local Authority and other responding organisations.

Community Emergency Team

These will be the names and contact details of the members of the Town & Parish Council that will form the Emergency Team

Emergency Management Team Initial Actions Checklist

KEY ACTIONS WHEN THE PLAN IS ACTIVATED

- IN AN EMERGENCY DIAL 999. Follow the Emergency Services advice at all times, and always be aware of your own safety and the safety of those around you.
- There are specific initial actions to follow for incidents involving flooding and severe weather. Please turn to sections 6 & 7 and work through both sections together
- Gather as much information about the situation as possible – e.g.:
 - The location of the emergency.
 - Type of incident.
 - Number of people and/or properties involved.
 - The type of support that might be needed (e.g. moving items upstairs, providing immediate shelter, basic household tasks).
 - Tune into your local radio station for updates.
 - Make contact with the representatives of any responding organisations at the scene.
- Consider whether you can work effectively from your current location, or whether you need to move to an alternate location (see section 3). Arrange for the Incident Room to be opened as appropriate.
- Notify the emergency team and request they meet at the nominated location (see section 1) and instigate the call cascade as necessary.
- Decide which local resources should be mobilised initially to support the community.
- Notify the following, as appropriate:
 - Community Coordinators
 - Flood Wardens
 - South Ferriby Village Hall
 - South Ferriby School
- Arrange for the community resources/organisations identified in Section 3 to be made available as necessary. You might want to give this task to one person within the emergency team to co-ordinate.
- If there is a representative from the Emergency Services, Council or other responder working in your community, please go and introduce yourself and tell them you have activated your community emergency plan.
- Consider asking for additional members of the community (volunteers) to help with the response, you may have pre-identified community coordinators already. You might want to give this task to one person within the emergency team to co-ordinate. The type of support that would be welcomed changes from emergency to emergency but might include:
 - Helping people move valuable and sentimental items upstairs.

- Helping deploy any flood protection products they might have.
 - Providing some immediate shelter if people have had to leave their homes.
 - Looking after pets.
 - Providing lifts to family and friends.
 - Doing basic household tasks such as shopping.
-
- Check your designated emergency e-mail system regularly.
 - Tell your community that your emergency team is functioning and if appropriate maintain a presence in the area(s) affected.
 - Help communicate any warning information messages, and recommend that people tune into the local radio station.
 - Establish contact with neighbouring Parish/Town Councils and ask for/offer support if appropriate
 - Ensure that any members of your community engaged in the response are not putting themselves at risk. Make sure they are acting lawfully (eg not speeding), carefully and are not carrying out tasks and activities that they are not qualified to do.
 - If the situation does not require an immediate response, request the Parish/Town Clerk to convene an urgent meeting of the Parish Council.

Section 2

Community Resources available for use during an emergency

COMMUNITY INCIDENT ROOM

If an emergency team is brought together, it has been agreed that they will meet in one of the following location(s):

IDENTIFIED INCIDENT ROOM

NAME	ADDRESS	CONTACT No	24 Hr ACCESS
South Ferriby Village Hall	Horkstow Road South Ferriby DN18 6HS	Mrs Sandra Fisher 01652 637406	Yes
South Ferriby Primary School	Horkstow Road South Ferriby DN18 6HU	[REDACTED]	Yes

EMERGENCY BOX

An emergency box has been kept at the village shop & Post Office.

It contains the emergency plan and contact numbers.

Useful things for your box might include:

- copy of this plan.
- street map of the area.
- Paper and pens.
- Two-way radio.

COMMUNITY EMERGENCY SHELTERS

Details of your emergency shelter(s) may be shared with the Emergency Services in case they need to identify a safe location to evacuate residents to.

VENUE 1

Name: South Ferriby Village Hall

Address: Horkstow Road, South Ferriby, DN18 6HS

Telephone No: 01652 637406

Key Holder's Name: Mrs Sandra Fisher

Key Holders Address: Abstainers Cottage, Low Street, South Ferriby, DN18 6HQ

Key Holder's Telephone: 01652 637406

Facilities

Capacity: 120

Cooking Facilities: Yes

Car Parking Arrangements: Yes

Internet Access: Yes

VENUE 2

Name: South Ferriby School

Address: Horkstow Road, South Ferriby, DN18 6HU

Telephone No: [REDACTED]

Key Holder's Name: [REDACTED]

Key Holders Address: n/a

Key Holder's Telephone: [REDACTED]

Facilities

Capacity: 40+

Cooking Facilities: Y

Car Parking Arrangements: Y

Internet Access: Y

VENUE 3

Name: South Ferriby Methodist Chapel

Address: Farrishes Lane, South Ferriby, DN18 6HG

Telephone No: n/a

Key Holder's Name: [REDACTED]

Key Holders Address: [REDACTED]

Key Holder's Telephone: [REDACTED]

Facilities

Capacity: 33 square metres (not including kitchen and disabled toilets).

Cooking Facilities: N

Car Parking Arrangements: N

Internet Access: N

Notes: Area in chapel could be used but only has off-peak electricity heating. Hall can be heated continually however.

EMERGENCY SERVICES/RESPONDERS' SHELTER(S)

Could any of the shelters above be made available to the emergency services to work from during the response to an emergency? Please list all appropriate venues below.

Location

Venue 1. As above

Venue 2. As above

Venue 3. As above

SITES WITHIN THE COMMUNITY THAT COULD BE USED TO STORE EQUIPMENT / EMERGENCY SERVICES VEHICLES ETC

GW & TJ Wells – see contact details below.

SECTION 3

Vulnerable members of the Community who may need particular help during an emergency

As per the advice from Humberside Fire and Rescue, the Parish Council is choosing not to provide a list. It would be extremely difficult to maintain an up-to-date record and without this list all members of the community will be treated as potentially vulnerable.

Name, Address and Contact Information	Name, Address and Contact Information

SECTION 4

Warning and Informing

This section contains public information for various incident types that your Community Emergency Team may be able to help cascade to members of the community. Emergency responders may also issue advice through their website, emails to you and through radio announcements.

- Heavy Winds
 - Secure loose objects such as ladders and garden furniture.
 - Close and securely fasten doors and windows, including garages.
 - Park vehicles in a garage or in a place clear of buildings, trees and fences.
 - Stay indoors if possible.
 - If you need to go outside, do not walk or shelter close to buildings or trees.
 - Don't carry out repairs whilst the storm is in progress.
 - Do not drive unless your journey is essential and avoid exposed routes.
 - Do not touch electric/telephone cables which may have to be blown down.
- Heat Wave
 - Try and plan your day to stay out of the heat, keep rooms shaded and, where possible use a fan.
 - If you must go out, stay in the shade, wear a hat and loose fitting clothing.
 - Drink plenty of fluids.
 - Don't leave animals unattended in cars in warm weather.
 - Seek medical help if you suffer from heat exhaustion or heat stroke. Remain somewhere cool, sponge yourself with cold water and drink plenty of fluids.
- Snow and Ice
 - Carry an emergency car kit - mobile phone, car charger, first aid kit, warm waterproof clothes, blanket, food, water, torch (with spare batteries).
 - Inform a friend or family member of your intended travel arrangements and expected arrival time.
 - Wear a hat.
 - Watch out for signs of hypothermia - uncontrollable shivering, slow or slurred speech, drowsiness and memory lapse.
 - Don't drive unless you absolutely need to.
- Flooding
 - Listen to your local radio and TV weather forecasts for advice from the emergency services.
 - Move your car to higher ground.
 - Empty furniture drawers and cupboards. Place the contents and any furniture you can upstairs.
 - Fasten plastic bags round the legs of wooden furniture to help minimise

absorption of water.

- Turn off mains gas and electricity.
- Put plugs in sinks and weight them down to prevent backflow from the drains. Weigh down the loo seat too.
- Bring caged outdoor pets inside, move all pets with food, water, bedding and litter trays upstairs.
- Make sure any valuable or sentimental items and important documents are safe.

REMEMBER - We do not encourage communities to enter floodwater. Moving floodwater can be extremely powerful and easily knock people off their feet. There could also be unseen obstructions that could be hard or sharp, potentially causing serious injury, and there are risks of entanglement. Flooding can dislodge manhole covers that people could fall into and become trapped. Remember, floodwater will probably also contain raw sewage. . If you need to walk through floodwater consider using a pole (brush handle) to test the ground in front of you

Always wash your hands/arms/legs with hot water and soap if you do come into contact with floodwater.

DO NOT allow children to play in floodwater.

Put any flood protection in place.

Encourage members of the community to check on their neighbours, especially if they are elderly or live on their own.

If people are advised to evacuate their homes

- If people are advised to evacuate their homes, or are advised to evacuate, try and remind people of the steps they should take:
 - Grab 'Go bag' and check contents.
 - Turn off electricity, gas and water supplies and unplug appliances.
 - Take their mobile phone and charger.
 - Take some spare clothes.
 - Take prescribed medication with them.
 - Take cash and credit cards.
- Lock all doors and windows.

If they leave by car, take bottled water, a duvet or blankets and tune into the local radio for emergency advice and instructions.

SECTION 5

Additional Emergency Contacts

FLOOD WARDENS

These are community volunteers that operate in some areas to monitor river levels and provide the Environment Agency with the latest local flooding information. If you do not have a Flood Warden already and live in a flood risk area, please contact the Environment Agency for advice on whether it may be suitable for your community.

SECTION 6

Flooding Specific Actions

- If you are in an area that receives flood warnings, dial Floodline on 0845 988 1188/0345 988 1188 Keeping checking for updates.
- Refer to the “Flood Specific Response Measures” table. Implement any agreed actions as appropriate. Mobilise the pre-identified resources and make offer of support to those that may be vulnerable.
- Where ever possible, advise residents to:
 - Put any flood protection products they have into place.
 - Move cars to higher ground.
 - Make sure any valuable or sentimental items and important documents are safe.
 - Empty furniture drawers and cupboards. Place the contents and any furniture you can upstairs. Fasten plastic bags round the legs of wooden furniture to help minimise absorption of water.
 - Be prepared to turn off mains gas and electricity.
 - Be prepared to evacuate if necessary:
 - Grab ‘Go bag’ and check contents.
 - Turn off electricity, gas and water supplies and unplug appliances.
 - Take their mobile phone and charger.
 - Take some spare clothes.
 - Take prescribed medication with them.
 - Take cash and credit cards.
 - Lock all doors and windows.
 - If they leave by car, take bottled water, a duvet or blankets and tune into the local radio for emergency advice and instructions.
 - Put plugs in sinks and weight them down to prevent backflow from the drains. Weigh down the loo seat too.
 - Bring caged outdoor pets inside, move all pets with food, water, bedding and litter trays upstairs.
 - Not to walk or drive in floodwater. Moving floodwater can be extremely powerful and easily knock people off their feet. There could also be unseen obstructions that could be hard or sharp, potentially causing serious injury, and there are risks of entanglement. Flooding can dislodge manhole covers that people could fall into and become trapped. Floodwater will probably also contain raw sewage.
 - Not to walk on sea defences or riverbanks and to be aware that bridges may be dangerous to walk or drive over
 - Always wash their hands/arms/legs if they do come into contact with floodwater with hot water and soap.
 - Keep contaminated footwear and clothing away from children.
 - Never allow children to play in floodwater, as well as the risk of disease manhole covers may have dislodged under the pressure of floodwater creating a drowning risk.

- Try and provide support to residents in carrying out these actions, and to flood wardens if you have them.

Co-ordinator

SFPC agreed that all members living about the 5 mtr line would be designated co-ordinators, and as such may be called on in an emergency. Names and contact details listed in Section 5.

Flood Contingency Plan – Instructions for Co-ordinator

You will need to be registered with Floodline which will alert you by landline or mobile, this will be your initial warning of flood risk. This same warning will go to the flood wardens as listed in Section 5. All or some of the Flood Wardens will monitor the affected area and make the decision to implement the flood plan. This will be done by ringing one or all of the co-ordinators.

Your Role

The Co-ordinator should set up an office at the Village Hall. An automatic warning is likely to have been given by Floodline up to 12 hours before a flood is expected.

Consult tide time tables and listen to Humberside Radio to determine when and flooding should be expected. Record events and all decisions (with times) in note book provided as they happen.

There will be a number of groups to co-ordinate:

- Those on the Humber Bank checking for water coming over the bank or breaches of the sea defences.
- Those earmarked to visit homes and to move vulnerable people.
- Those in the Village Hall – receiving those who leave their homes

Information will need to be sought from:

- Environment Agency
- Radio Humberside
- North Lincolnshire Council

If you are contacted by any of the Flood Wardens, as listed in Section 5 they will explain the area affected and advise you of the seriousness of the situation. The decision will then be made to implement the full flood plan of just local help i.e. in the case of heavy rain.

REMEMBER THEY ALL LIVE IN THE SLUICE AREA AND AS SUCH ARE RELYING ON YOU TO TAKE CONTROL!

You will then need to do the following. This can be done before going to the shop which will in effect act as your control centre.

1. Command Centre at the Village Hall. Keyholder Sandra Fisher 01652 637406.
2. Alert other co-ordinators to the situation and delegate as required.
3. Make your way to the Village Hall keeping in contact with the Flood Wardens as required. Please take your mobile phone with you and charger, pen and paper, portable radio and Flood Plan (A MASTER COPY WILL BE KEPT AT THE SHOP).

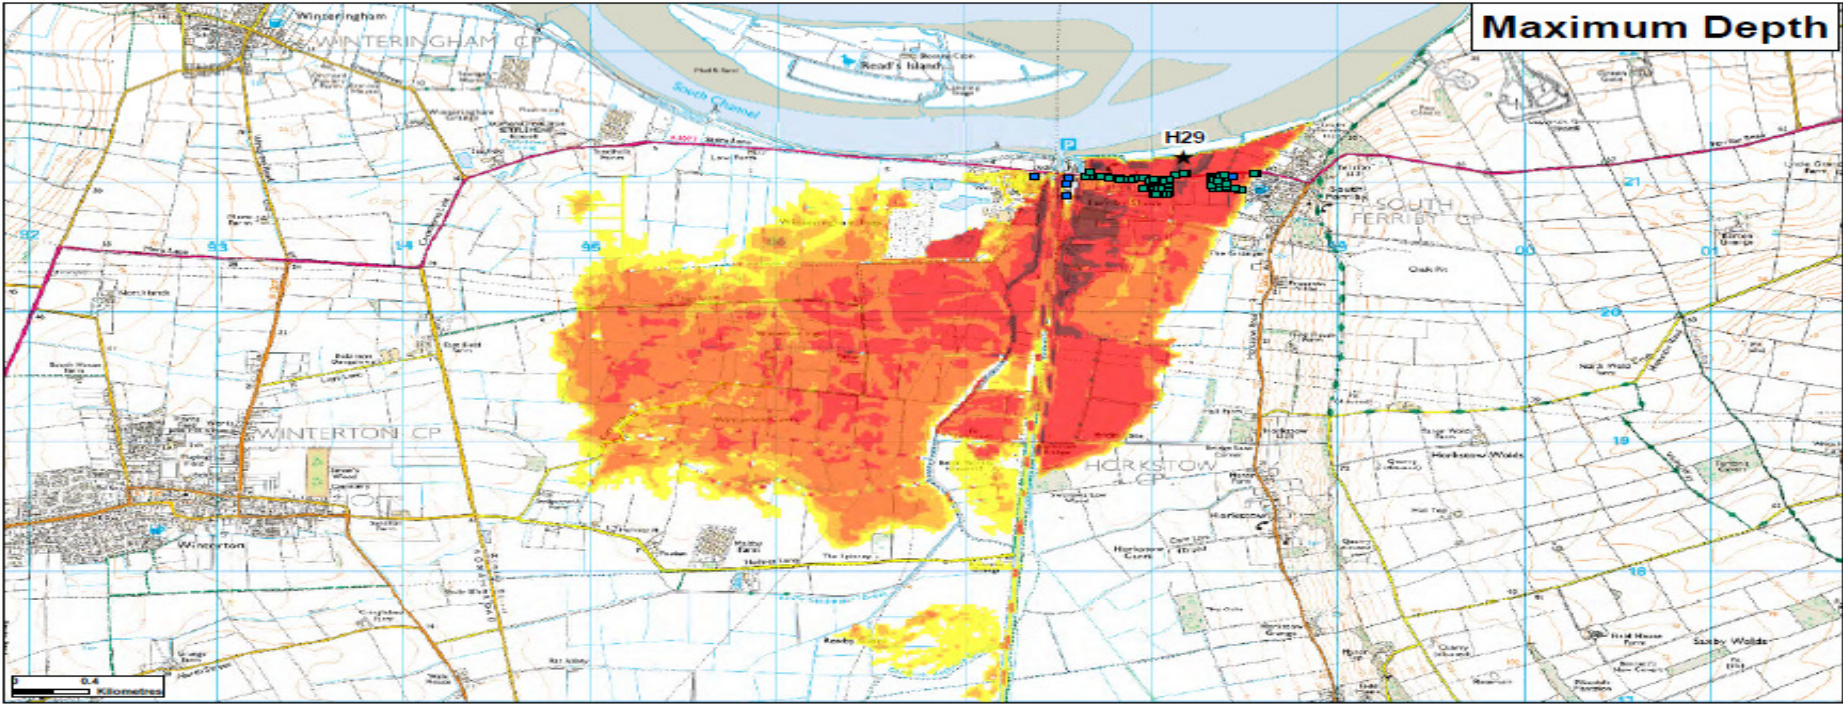

MEANING OF EA FLOOD WARNING CODES

Flood Code	What it means	When it's used	What to do
 <p>FLOOD ALERT</p>	Flooding is possible. Be prepared.	Two hours to two days in advance of flooding.	<ul style="list-style-type: none"> • Be prepared to act on your flood plan. • Prepare a flood kit of essential items. • Monitor local water levels and the flood forecast on our website
 <p>FLOOD WARNING</p>	Flooding is expected. Immediate action required.	Half an hour to one day in advance of flooding.	<ul style="list-style-type: none"> • Move family, pets and valuables to a safe place. • Turn off gas, electricity and water supplies if safe to do so. • Put flood protection equipment in place.
 <p>SEVERE FLOOD WARNING</p>	Severe flooding. Danger to life.	When flooding poses a significant threat to life.	<ul style="list-style-type: none"> • Stay in a safe place with a means of escape. • Be ready should you need to evacuate from your home. • Co-operate with the emergency services. • Call 999 if you are in immediate danger.

FLOOD SPECIFIC RESPONSE MEASURES

Known Location at Risk	Action required before a flood	Action required during a flood	Equipment and People Required	Time Required	Any known areas of Vulnerable People affected
Sluice Road	<ul style="list-style-type: none"> • See plan • Siren 	<ul style="list-style-type: none"> • See plan 	As required – see section 2	Two hours to complete door knock

SKETCH MAP SHOWING LOCATIONS AT RISK OF FLOODING AND THE FLOW ROUTE

Max Depth (m)					
	0 - 0.25				
	0.25 - 0.50				
	0.50 - 1.0	■	H29 Commercial - 5		
	1.0 - 2.0	■	H29 Residential - 126		
	2.0 +				
Location	South Ferriby	Breach ID	H29	Breach Grid Ref	SE 08150 21150
Date Printed	December 2013	Scenario year	2006	Scenario Annual Chance	0.5% (1 in 200)

This map shows the level of flood hazard to people (called a hazard rating) if our flood defences are breached at a specific location. The hazard rating depends on the depth and velocity of floodwater, and maximum values of these are also mapped.

Please note that multiple breaches, other combinations of breaches, different sized tidal surges or flood flows may all give different results.

The map only considers the consequences of a breach, it does not make any assumption about the likelihood of a breach occurring. The likelihood of a breach occurring will depend on a number of different factors, including the construction and condition of the defences in the area. A breach is less likely where defences are of a good standard, but a risk of breaching remains.

Please contact the Environment Agency for further information on emergency planning associated with flood risk in this area.

General Enquiries No: 03706 506 506. Weekday Daytime calls cost 5p plus up to 5p per minute from BT Weekend Unlimited. Mobile and other providers' charges may vary.

SECTION 8

Plan Publication and Information

PLAN PUBLICATION

Electronic copies of this plan have been e-mailed to:

- Emergency.planning@northlincs.gov.uk
- Louise Ward, South Ferriby Parish Clerk
- Roy Holloway, Chair, South Ferriby Parish Council
- Kate Smith, South Ferriby Post Office
-

The original electronic version of this plan is kept with:

- Louise Ward, South Ferriby Parish Clerk

Hard copies of this plan are kept at:

- Roy Holloway, Chair South Ferriby Parish Council, 8 Sluice Road, South Ferriby
- South Ferriby Post Office
- Louise Ward, South Ferriby Parish Clerk

A web version of the plan **with the confidential information removed** has been posted on www.southferribyparishcouncil.gov.uk for public information.

PLAN MAINTENANCE

The plan should be reviewed every annually. During the review every section of the plan should be checked for accuracy (telephone numbers, resource lists etc). The Parish Council will have responsibility for reviewing the emergency plan and should report back the Parish/Town Council meeting to confirm that a review has taken place.

Any updates to the plan, or lessons that have been learned from exercises, should be approved by September (annually) before the plan is changed.

The Parish Council is responsible for providing an updated version of the plan to all those listed in Section 1.

*South Ferriby
Community Emergency Plan*

PLAN REVIEW

The Parish Council should make sure that all the people who are involved in the plan are aware of their role, and know that that they might be contacted during an emergency. Training DVDs can be found at www.letsgetready.org.uk

DATA PROTECTION

The Parish Clerk is responsible for ensuring the plans are appropriately controlled.
