---

### Other concerns addressed by the Brigg and Wolds Neighbourhood Police Team during September 2013

The greater proportion of the work of Neighbourhood Police Teams relates to public and individual needs and concerns that are not directly crime-related.

In September 2013, 186 concerns were responded to by the Brigg and Wolds team as follows –

Concerns about property	21
Concerns about individuals and safety	28
Concerns about behaviour	76
Concerns about traffic	61

Individual incidents vary enormously in the amount of police time required to deal with them. In a good proportion of cases people's legitimate suspicions and concerns prove to be unfounded.
