AM21/22 –0503 Chairman's Report

- a) Councillor Roy Holloway, Chair of South Ferriby Parish Council made a brief presentation on the work of the Council over the previous year, and outline some of the works and projects planned for the next year.

I am sure 2020 will be remembered for the outbreak of a worldwide pandemic, which of course affected us all, not just personally, but as Cllrs trying to carry on with our normal business. As I write this, we are hopefully coming to the end of Covid 19 restrictions and will soon be able once more to sit round a table and discuss business face-to-face.

We have over the last year seen some major changes in our village not just the effects of Covid, but also the closure of CEMEX and the impact that as had as well as the near completion of our flood defences which has altered the Sluice region forever.

Those aside, there has been a lot of other work which still needed the input from the Parish Council; car parks, footpaths, litter bins and signs, flower beds, parking bollards, localized flooding etc., the list goes on. All these, while dealt with as normal, do not just happen but are the result of our Parish Council doing what it should do, working on behalf of our local community.

Wherever I look in our village I can see area's where the PC has played a part, but there are also area's that still need attention, some of which we as a Parish Council can tackle and some which will need outside agencies to complete.

For the next year we will, hopefully see some projects finished, not least the flood bank, but also a community orchard, tennis court and play area improvements along with others which hopefully we can complete. There is work at "Powells Mount" with new planting required to replace trees we have had to remove plus a great deal of tidying up to do. And we will continue to support and help, where we can, the various groups in the village as we have done in the past.

On a more personal note, I would like to thank our Councillors for all the work and support over the last year much of which is done without recognition or thanks but is just done quietly in the

background. I believe this is the true mark of an excellent Parish Council, so once again thank you.
